

BC Seniors Games Society Zone 5 Meeting

Legion Summerland

Thursday 18th April 2019: 10 A.M.

(Registrar's report)

1. The first item is concerning handwritten e-mail addresses recorded in registration and membership forms. Errors occur when the word is scribbled and letter "l" and number "1" are indistinguishable. Finally dot, hyphen and underscore are carelessly entered.
 - a. Beginning this year, BC Seniors Games Society ensures all e-mail addresses to be accurate in the database. As usual the registrar shall choose "send e-mail" to the member after registration has been entered. The recipients will receive confirmation of details of their registrations. It is advised that the participant print and keep this record.
 - b. Previously a failed e-mail was not recognised. Now it is referred back to the registrar to get the correct e-mail address and adjust the database.
 - c. I have 2 incidences already; one with the letter l and the second to do with scribbling.
2. The second item is remittance of fees from 40 participants and 7 members from 5 sports: cycling, ice curling, spurling, swimming, and track & field.

Peter Huang, BCSGS Zone 5 registrar
